

# Humble Annie

Words & Music by: Steve Smith (Kermit Stephen Smith) ASCAP

## *Chorus*

Humble Annie is her name  
A lot of spirit and a sturdy frame  
If you ever get proud she ain't to blame  
Humble Annie lives up to her name

She's a 1951 Kingsway Dodge pickup truck  
And you might think just by looking she's running purely on luck  
But luck's got no part in it, she's running on a wing and a prayer  
The wing of an angel and the prayer I'm praying that she'll keep on getting me there

Well she came my way one rainy day when a brother just happened to say  
Anyone here need a good set of wheels? This is your deal for the day!  
She's plain and simple but she runs like a top  
She's a gift to you from the Lord  
But she's got a price tag on her no sinner man can afford – humility!

## *Repeat Chorus*

Well, I just pray I can live up to everything she stands for  
To be plain and simple, real and true  
And to give that little bit more  
I want to be around when somebody needs me and  
Let them know that I care  
To be known to the world just as Annie  
You can count on me to be there

## *Repeat Chorus*
